Fishing Improves As Large Plants Made In Region

21,000 Catchables Are To Be Planted In River

Planting catchable size rainbow trout in the Truckee River and nearby streams has improved fishing in this region to a point where many sportsmen proclaim the conditions are currently better than for many years.

State Senator Harold T. Johnson, who visited here last week and who is vice chairman of the natural resources committee, revealed that the department of fish and game has planted 12,000 catchable rainbow in the Truckee River this year and will add another 9,000—probably during August.

Other plants made during the past month included 4,000 in the Little Truckee, 1,000 in Donner Creek and 2,000 in the cold stream which runs down from Webber Lake into Sierra Valley.

Exact amounts of plants in other streams and lakes in the area will not be available until October as the planting is now in full swing and records from the field will not be submitted until the program is completed.

Assignment for counties shows 26,700 catchables for Nevada County, with 448,000 rainbow fingerlings, 247,500 eastern brook fingerlings and 60,000 kokanee.

Placer County will get 21,200 rainbow catchables, 250,000 kokanee, 123,000 rainbow fingerlings and 81,000 eastern brook fingerlings. Sierra County's apportionment is 562,500 rainbow fingerlings, 22,000 catchables and 108,500 eastern brook fingerlings.

Johnson said he hopes to arrange a meeting with local sportsmen's organizations later in the season to outline a plan for the next year. The local legislator, who has worked closely with sportsmen in their programs, promises continued cooperation and support.

SUGAR BOWL IS PREPARING FOR WINTER SEASON

Mr. and Mrs. Walter Haug are back at Sugar Bowl on Donner Summit after a trip to Illinois, where they met their daughter, Ann, who attended school there.

Haug, manager of the popular Sugar Bowl resort, is busy with preliminary work getting the ski area in shape for the coming winter season. He reports work on the Magic Carpet, the tramway from Highway 40 to the lodge, is progressing nicely.

Stumps are being removed along the ski runs to permit earlier and later skiing and to provide safe slopes in event the snowfall is light.

POST OFFICE AT TAHOE IS LOOTED

Federal postal inspectors and Placer County authorities are seeking the burglar who entered the Tahoe City post office late Saturday or early Sunday and disturbed mail in the boxes.

Postmaster Oliver Corona said office funds, locked in a safe, were not taken but presumably some mail was taken. Entrance was gained by breaking and unlocking a rear window.

TRUCKEE 'PHONE WORKERS AIDED

More than a dozen Truckee employees of the Pacific Telephone and Telegraph Company benefitted from the wage increases averaging 4.7 cents per hour granted 11,500 northern California and Nevada employees this week. The group affected includes principally operators and some clerical workers.

Negotiations for a new contract had been in progress since June 16 between the company and the CIO.

BEAVERS FREED IN DONNER AREA

California fish and game department trapper, who captured 80 beavers in lower Sierra Valley last week, released them in the Donner Summit region and in Jones Valley beyond Loyalton. The beavers were becoming a nuisance in agricultural areas.

Youths Injured In Auto Crash On Tahoe Road

Three teen-aged boys were taken to the Tahoe Forest Hospital on Tuesday night by the Truckee ambulance for treatment of injuries suffered in an automobile crash one mile south of Big Chief on the Truckee River at 7:30 o'clock.

State Patrolman William Gautsche said the car, driven by Forrest Stagg, 18, of Los Angeles, employed at Squaw Valley, got out of control on a curve, swerved across the highway and ran 18 feet up a steep embankment and then rolled back onto the road.

Stagg and Robert North, 16, Oakland, suffered severe cuts and possible major internal injuries. Stuart Reynolds, 16, Oakland, escaped with minor hurts.

Gautsche said he was citing the driver for reckless driving.

Car Overturns

Dewey Diggs of Quincy, employed by the Stockton Box Company, suffered minor injuries when he fell asleep at the wheel of his car 11 miles north of Truckee on Highway 89 Monday morning and the car overturned on the road.

State Patrolman Roy Stallard made the investigation.

Mrs. Wanda Carlson of San Francisco and Mrs. Olga Matta, Orlinda, were treated at the Tahoe Forest Hospital for injuries received when cars driven by John A. Matta and Jane Hellund, San Francisco, collided four miles east of Truckee Friday. Mrs. Hellund was cited for making a bad pass.

SOFTBALL GAME END IN VICTORY FOR INSPECTORS

Spectators and players alike left the state quarantine inspectors and a team of other local men enthusiastically discussing the possibility of organizing a softball league at Truckee in the future. The twilight game, which ended 10 to 4 favoring the inspectors, was thoroughly enjoyed by everyone there last Thursday.

Orval Vaughan, pitcher for the state men, was the heavy hitter with five safeties in five tries, including an ice-breaking home run with Cavallo on. In the same inning, Howard Newsham, first baseman, answered with a circuit clout for the townsmen. Vaughan pitched over four strike-outs and was relieved in the ninth by Norm Little, who retired the side in order.

Jack Lambres, pitching for the town team, specialized on a tantalizing slow ball with most of the inspectors' outs being pop flys. Two double plays in the later innings plus a triple out in the first with third sacker Bob Leamon as the key man held the quarantine team's score down in a couple of tough spots.

Roy Waters and Ralph Garcia, outfielders, each collected two for three to top the towners' hitters. Catcher Smits rapped four for four to join Vaughan as a 1.000 batter for the inspectors.

Liquor Arrests Result In Fines In Local Court

Woman Pleads Innocence In Buying Liquor For Boy

State board of equalization officers last week continued their drive to curb violations in liquor serving establishments throughout this region.

Vickey Anderson is being held under $200 bail set by Judge Fosten Wilson on a charge of purchasing a drink for a 16-year-old boy in violation of the alcoholic beverage control act. She has pleaded not guilty.

The boy, whom officers declared is listed as a runaway from Boston, Mass., was also being detained by the juvenile authorities at Nevada City. Charges against the establishment were dismissed when the case was heard before Wilson.

Marvin Olson, bartender at the Sierra Tavern, was fined $200 by Wilson after he was found guilty of selling liquor between 2 and 6 a.m. Mrs. Florence Richards, the licensee, was fined $200 for permitting the sale.

In both cases charges were filed by state board of equalization officers.

The two local cases followed closely upon the heels of two similar charges at Lake Tahoe. A bartender at Tahoe Tavern was fined $200 by Judge Harry Charrison for selling to a minor and a jury trial in Judge Charrison's court has been asked by Ruth Cochran and Roy Cooney of Kings Beach for selling liquor between 2 and 6 a.m.

Sun Beams

by WALTER BARRETT

Fines of $100 each for two men who pitched cigarettes from moving cars in the Lake Tahoe area were impressed this week by Judge Harry Charrison. On the face, this would appear a rather stiff penalty for a careless act but on the other hand we believe the assessment was fair and just. The potential danger from such a misdemeanor is difficult to estimate. Carelessness in handling burning cigarettes and matches might easily result in devastation, death and destruction of great magnitude. Warnings seem to fail to make the desired impression and even fines have uncertain results, but at least separation of $100 might cause a smoker to think twice. We can only hope it will have the desired effect and can congratulate Judge Charrison for his assist in bringing a halt to a dangerous practice.

Planting catchable sized trout in the streams of this area has proven a tremendous success, according to all reports, and certainly reflects the work of the Truckee Outdoor Sportsmen, state legislators and officials of the state fish and game department. The local sportsmen have long urged such a program and for years, through the cooperation of the Flycasting Club and local businessmen, who financed the program, raised and planted trout locally. The program ended, however, because of a variety of causes, and for a couple of years the situation looked bleak. Then, with renewed vigor, the sportsmen, legislators and others campaigned and the results are now apparent as the second year of planting nears an end. Support of this and other projects sponsored by the Truckee Outdoor Sportsmen is worthy of wholehearted endorsement.

He charged that a Bigelow Logging Company truck driven by William Andrew Ward, and carrying equipment to help the forest service combat a forest fire near the Brockway cutoff, had used the county bridge over the Truckee River, although the driver allegedly knew the weight of the truck and cargo was greater than the bridge's capacity.

Stoll also charged careless operation in that a piece of the equipment struck one of the bridge supports.

TAHOE TOPICS

by ETHEL J. VERNON

At 3:45 Sunday morning Tahoe City was awakened by the fire alarm siren which screamed on the automatic until Fire Chief Al Henry Jr. could reach the fire house telephone and lift the receiver. He found the report had been turned in from Meeks Bay, which is in another county, and while a goodly share of Tahoe Citizens were already speeding to the fire, the local fire equipment could not, according to the rules, be taken out of Placer County on anything except a forest fire emergency. The fire was in a house trailer in a trailer camp. The owner of the trailer was found to be a brother-in-law of J. W. Ensign, formerly of Modesto now staying at Meeks Bay. The name of the owner, who was attending a show when the fire started, could not be ascertained at this writing. His trailer was almost completely destroyed.

The Wellington Hendersons of San Mateo have returned to their Tahoe Park summer home this week for an extended midsummer vacation. It is not quite the vacation it could be if their son, Wellington Jr., could be with them but he is now stationed with the USNR at Newport, R. I. His mother says he is very homesick and would probably appreciate cards or letters from Tahoe friends. Another service man and former Tahoeite now far from home and beginning to be a bit homesick is Pvt. Stephen S. Brown, now stationed in Germany, and during the past week on a short leave to Switzerland. A communication from there to Tahoe friends says that the Swiss mountains remind him of the Tahoe country, except that it rains there almost continually and that he longs for Tahoe sunshine. Following are the addresses of these two Tahoe service men so that they may receive more word from Tahoe and home:

Families who have come in during the past week to occupy their homes in the Sunnyside locality include Dr. and Mrs. Nelson S. Keeler and family of Piedmont, Mr. and MrMs. Louis Marsten and family of San Francisco, the Bruce Kelhams of Woodside, Mrs. Alma Walker McKeever of Pebble Beach, Dr. and Mrs. Harding Clegg and family of Calistoga, Mr. and Mrs. Charles Haine and young son of Piedmont, Mr. and Mrs. Dennis Gagetta of St. Helena, the Launce J. Gambles of Redwood City, Philip Brown of San Francisco, visiting the W. W. Mein home, and Mr. and Mrs. R. A. McClaren of San Mateo, who have taken over the Henry Poett Sunnyside home for the vacation season.

Summer residents who've moved into their homes for the season at other lake region points during the past week include Mr. and Mrs. Edgar Howard of San Marino, who have rented the Paul Avery home in Squaw Valley for August, and Dr. Frank Howard and family of San Rafael, who have also rented a place in Squaw Valley for the rest of the season.

The Robert Dollar Dicksons of San Rafael are at the Dollar home, "Witchwood," vacationing through August. Mr. and Mrs. Stanley Dollar are there also seeing to the preparations of their boats for the coming speedboat races. Mrs. Edward Heller of San Francisco and Mr. and Mrs. Felix McGinnis of that city are in their respective north lake homes for this month.

Mrs. L. A. Hart and family of Dallas, Texas, are occupying the beautiful lakeshore home "Blue Paradise" at Carnelian Bay for the balance of the summer. The B. C. Houdlettes of Piedmont have just opened their place on the Carnelian lakeshore for the midsummer season and are entertaining house guests there. The Gordon Lawsons of San Francisco and Mr. and Mrs. M. McLachlan of Oakland are occupying their respective summer homes this week, accompanied by their families.

Mr. and Mrs. Louis de Herarra of San Francisco have rented a summer home at Carnelian Bay for the month. Mr. and Mrs. Herbert Foster of Berkeley, with a party of friends, are occupying the Foster home at Carnelian bay this week and nearby the lakeshore home of Mr. and Mrs. Harold Freeman of San Francisco has been opened for August and the family is enjoying the perfect weather and fishing. The Dick Diamonds of Reno are now occupying their Lake Forest home on their midsummer vacation. Mr. and Mrs. John Hamilton and family of San Francisco were weekend visitors at "Agea", the Ashe and Griffith home on the lakeshore at Tahoe City. Mr. and Mrs. Philip Dalton of San Leandro are in their home at Rampart on the Truckee River this week and enjoying the river fishing. This home was reportedly broken into and robbed twice during the past winter season. Mr. and Mrs. Reese Clark of Berkeley are now enjoying their new home, recently completed on the Meeks Bay home tract.

Mr. and Mrs. Owen Hotle and family of Santa Rosa were present over the past weekend with more than a dozen other relatives who attended the Towne family reunion held at the old Towne family home at Sunnyside. Mrs. Hotle is a daughter of G. S. Towne Sr., a summer resident here for more than 30 years. Among others on hand for the midsummer gathering were Mrs. Helen Towne Aldrich, with her husband, Henry, and sons George and Henry Jr., who are vacationing in their own lakeshore home this summer.

Mr. and Mrs. Richard Lee of Lincoln, parents of Mrs. Jack Starratt of Tahoe City, have been enjoying a midsummer auto tour during the past two weeks through midwestern states, including Montana and Wyoming. A letter from them on the last of the week tells of how they enjoyed most of the week on a stay at the Elbo Ranch in Jackson Hole, Wyo., where Kathleen Starratt is a very busy hostess and manager through the summer season. The Lees were guided on some of Kay's famous back country trips and greatly enjoyed the fishing in mountain streams and lakes about Jackson Hole and through the Grand Tetons. From the ranch, they planned to go on to Glacier Park to spend the remaining days of their vacation.

Mr. and Mrs. Clarence (Butch) Beavers have as guest in their home for the remainder of the summer Mrs. Beavers' cousin, Mattias Bjorgum, recently from Haltdalen, Norway. Bjorgum has taken employment for the summer with Bert Anderson on the Pineland home tract. Other guests in the Beavers home during the past week were her parents Mr. and Mrs. Sigvard Ronning of Palo Alto, who greatly enjoyed the perfect mountain weather as contrast to the warmth of the lowlands. Nancy Anne, the youngest of the Beavers, was nine months old this week and is standing on her own feet and learning to walk.

Miss Pat Dunne, daughter of Mr. and Mrs. Jack Dunne of Tahoe City, during the past week was enrolled on the nursing staff of the Tahoe Forest Hospital. Pat finished her course in nurse's training a year ago and at that time went on duty as a graduate trained nurse at a San Francisco hospital where she worked six months before coming here.

Visitors in the C. W. Vernon home here during the past week included Mrs. Vernon's nephew and family, Mr. and Mrs. Leonard Joslin and twin daughters, Donna and Dianne, and a friend from Pittsburg, Mrs. E. H. Ward. Also calling in for a while Saturday were Mrs. Marguerite Sedgley of Auburn and her granddaughter, Carol Shifton, who were stopping over the weekend with Carol's father, Bill Shifton, of Tahoe City.

Mr. and Mrs. D. E. Butterworth of San Jose are spending some time as house guests of Mr. and Mrs. Ed Bosen of this city.

Mr. and Mrs. Richard Yeakel of Sacramento have been enjoying the past three weeks vacationing in their summer cottage in the Lake Forest vicinity. They have with them their small daughter, Cindy. Richard is the son of Mrs. Ward Knapp of Lake Forest.

Leonard and Dorothy Bury of Tahoe City celebrated their 11th wedding anniversary Saturday evening with a special dinner at Bacchi's Inn in Lake Forest. This, according to the "book" was their steel anniversary and among other pure steel gifts was a card of fish hooks.

WE RESERVE THE RIGHT TO LIMIT QUANTITY

Last year, Federal Excise Taxes paid by the average telephone subscriber in the Pacific West came to about $1.80 a month.

THE EXCISE TAX IN YOUR TELEPHONE BILL

We collect it from you for the Federal Government

Perhaps you've wondered, "What does the amount marked 'U. S. Tax' on my telephone bill really mean?" Simply, it's the Federal Excise Tax which is levied directly on your local and long distance telephone calls. While this tax is included as a part of the total amount of your telephone bill, it's actually a separate tax which you pay on your telephone service. We merely collect it from our customers for the government — and it is then set aside to be passed along to the Bureau of Internal Revenue.

On the job for pennies a call

Despite sharply increased costs — for taxes, wages and materials — we've been able to keep telephone rates low. So low, in fact, that your telephone still carries your messages for a few pennies a call.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Paying the cost of government is, of course, the responsibility of all Americans and all American businesses. As a company, Pacific Telephone pays—and expects to pay—its full share of regular income and property taxes. But the Excise Tax is a separate tax—which you pay—averaging about $22 a year for the average telephone subscriber in the West. And we make this report on it so that next time you receive your telephone bill, you'll perhaps pause to consider that telephone rates are lower than you may have thought.

Formosa Official, Truckee Visitor, Is Pessimistic Over Reds' Good Faith in Korea

Che-Chang Tang, chief of Formosa's division of special crop inspection, is confident that Chinese Nationalist troops will some day return to the mainland of California.

"We are in a very bad situation now," he said, "but we have confidence we are doing something toward getting back. How and when is very hard to answer."

Tang, completing a six-months study in America of procedures used in plant quarantine, food and drug administration, production and marketing, was in Truckee last week surveying the local plant quarantine station west of town. While here he was a guest of Orval Vaughan, senior inspector, and witnessed the softball game between the quarantine inspectors and a team of other local residents.

Formosan Agriculture

An agricultural specialist, he said he has learned much in this country which he can adapt at home. Tang said his government already has a system of plant quarantine inspection at harbors and airports.

The island stronghold where Chiang Kai-shek is building strength for the return to China, has a thriving export trade with Japan, Hong Kong and southeast Asian countries, Tang said.

Main exports are sugar, tea, bananas, canned pineapple and citrus fruit. Most exports go to Japan. Tang said Formosa plans to develop a fiber crop, such as jute, for export.

"Most of our exports are carried in our own ships, which were evacuated from Shanghai during the war," he said.

Adequate Protection

Tang said Formosa's merchant fleet is not molested, even near the mainland at Hong Kong, because it is protected by the U. S. Seventh Fleet.

In spite of only 140 miles separating Formosa from China, there are no aerial attacks by the Reds and only a few reconnaissance flights, he added.

On the other hand, Chinese Nationalist planes make frequent flights over the mainland to deliver orders to underground forces which estimated at a million persons.

Tang said contact with the Chinese people also is kept by radio. "We believe that most of the people who liked the Red government at first have changed their minds," he said.

He has little faith that Red Chian will keep the truce in Korea. "They just want a truce for the time being," Tang said. "I think the truce cannot last long because you can not get peace from the Communists. I think the truce will be broken."

A-Bomb Out

He said he does not think the A-bomb should be used in Korea if the truce is broken.

"There are too many American people against it," he said.

Formosa's economy is thriving, with a surplus of food and development of industry, Tang said.

Coke and aluminum ore are mined and factories produce aluminum and textiles and process food. There is no steel industry because the country lacks iron ore. The textile industry uses cotton imported from America.

The nation's 8,000,000 people live on an island 640 miles long and about 224 miles across at its widest point. Approximately 24 per cent of the land is used for agriculture, 50 per cent is in forest and the remainder is used for other purposes.

The "other purposes" include a large number of military installations where Chiang's 500,000-man army is training constantly with assistance from a U. S. military advisory team. About 500,000 more persons are mainland Chinese and the rest are native Formosans.

Freer Government

"At first the Formosans didn't like us," Tang said. "But now they are friendly because the government has given them a lot of freedom, much more than they had under the Japanese.

"Members of the Congress of Provinces are 90 per cent native, elected by the people."

Greatest military need of the Nationalist forces at the present time is for modern aircraft, he said.

"Pilots are plentiful but we have only about ten jets."

Tang said his government has increased hit-run raids on mainland coastal positions and is still ready to provide troops to the UN in Korea if they should be needed.

Asked about China's potential for an invasion of Formosa, Tang said best estimates are that there are 5,000,000 Red Chinese under arms.

"If they come, we'll take care of them," he said. "We can turn them back."

EXCISE TAX ON PHONES IS HIGH

Excise taxes on telephone use will cost Truckee subscribers about $1,034 this month, H. J. Newsham, Pacific Telephone manager here, disclosed today.

"The telephone company is required by law to collect certain federal taxes from customers in addition to its service charges," Newsham explained. "The amounts are shown on each individual's bill opposite the words 'including U.S. tax of'."

There is a 15 per cent federal tax on local telephone service. On long distance calls costing less than 25 cents the tax is 15 per cent and it is 25 per cent on long distance calls costing 25 cents or more.

NEW LICENSE LAW IN EFFECT SOON ON ARCHER HUNTERS

SACRAMENTO— With the new law abolishing special archery deer tags effective September 9, in the middle of the Sierra bow-and-arrow season, California archers will have a choice of two kinds of deer tags this year. They can either buy the old archery tags, which are good only for the special arcehry seasons, or they can by regular deer tags.

The regular tags, the department of fish and game explains, will not be valid for bow-and-arrow hunting until September 9. Archers who buy these tags will therefore miss the early, coastal season and the first few days of the September 5 to September 14 Sierra archery season.

Archers with regular firearms tags may hunt during the regular season as well as in the remaining days of the Sierra archery season. During the regular season they can hunt with either rifle or bow-and-arrow.

Hunters who buy the old archery tags will be able to hunt during the whole of both archery seasons but will not be allowed to hunt at all during the regular season. They cannot buy regular tags if they also buy archery tags and they cannot exchange their tags.

Archery tags will be sold at state fish and game license agencies through September 8. After that date, only regular deer tags will be sold.

CLEANUP DRIVE

A statewide cleanup campaign is underway along our highways. Do your part to keep them clean. Do not throw trash from your car. Carry a paper bag in your car and use it to collect trash in.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of suitability and fitness of products offered.

RUMORS OF WARREN FUTURE TOP TOPIC AT CAPITOL DURING SUMMER DOLDRUMS

by HENRY C. MacARTHUR
(Capitol News Service)

SACRAMENTO— The summer doldrums are at the most windless ebb around the state capitol these days, with most of the top brass away on vacation, and with those remaining in Sacramento reluctant to discuss matters of state importance during the absence of Big Chief Governor Earl Warren, who is expected back on the job from a tour of Europe about August 31.

Warren had no sooner left California than the flood of rumors concerning his ftuure started running over the banks. The most persistent is that he will be offered and accept appointment to the United States Supreme Court.

This, however, continues to be in the rumor stage. In the first place, there is no vacancy on the United States Supreme Court and President Eisenhower could hardly announce his intent concerning a possible vacancy until it actually occurred.

Justice Frankfurter, who is expected to retire and thus provide an opening for the California governor, was non-commital when asked about his future plans.

So the entire situation adds up to exactly nothing in fact. But those who would like to see Warren out of California continue to beat the drums in the hope that plenty of noise will point to no other choice when and if the time comes for President Eisenhower to name a supreme court member.

But the signs pointly clearly to something besides Warren as a candidate for governor in 1954. His appointment of his personal secretary, Helen MacGregor, to the Youth Authority indicates he will be out of the running at the next election.

If Warren does not make a bid for a fourth term as governor, the field generally is open to both Republicans and Democrats.

Lieutenant Governor Goodwin J. Knight, of course, is the leading candidate in the Republican field, with the persistent efforts he has made during the past several years to land in the "corner office," it appears now readily within his grasp. On the other hand, the Democrats may have something to say with two possible outstanding candidates. These are Paul Leake, Woodland publisher and member of the state board of equalization, a Warren appointee, true enough, but nevertheless a Democrat to the core and Edmund G. (Pat) Brown, attorney general and the only elected Democratic official in the state administration.

On the Republican side, Senator Ben F. Hulse has been mentioned prominently as a possible candidate, but the Republicans are noted for solidarity and Hulse is too astute a politician to challenge party unity on what looks like a sure thing. In any event, speculation is what makes elections interesting, and one guess is as good as another at this stage of the game. driver of a passenger car owned

EVOLUTION OF STATE LANDSCAPE NEW BOOK TOPIC

SAN FRANCISCO— "Evolution of the California Landscape," by Prof. Norman E. A. Hinds of the University of California, has just been published by the California Division of Mines.

The new books tells how California was formed, beginning with the emergence of tiny islands from Jurassic seas 120,000,000 years ago and continuing through endless volcanic upheavals and the remoulding of today's landscapes by earthquakes.

In addition to more than 150 photographs and diagrams, the book contains a three-color relief map of California showing heights and lowlands with remarkable clarity. It is priced at $2.50, plus sales tax, and may be secured from the Ferry Building office of the division in San Francisco.

VALUABLE FARMS

The average per farm value of land and buildings in California in 1950 was $40,509, according to the Census of Agriculture.

Summit Scene

by FRAN COUILLARD

The "church" took over The Hill this past weekend when Rev. Robert T. McFarlane of Alameda, vacationing at the Woodin cabin in Kingvale, entertained the young people of his congregation 20 or so strong. Weiner roasts, marshmallow bakes and such, and horseback riding gave his Sunday School group a wonderful time in the high Sierra. Members of various Latter Day Saint groups filled Donner Summit Lodge, Beacon Hill and Rainbow to capacity whilst Ice Lake Chalet was transformed into their tabernacle which held 400 conferees. This is becoming an annual event and, we understand, members of the LDS group came from all parts of northern California.

We note teen-ager Joe Blackford riding in from Sheep Camp near Ice Lakes on his charger for camp supplies. This reminds us that this is the fourth generation of sheep-running Blackfords that we have known. First, Great-Grandfather Price Blackford, Grandpa Bob, Son Bobby and now great-grandson Joe. We remember the sheep shipping days of Bob the First with terrific nostalgia. First the lamb buyers quietly bidding against one another over the various bars with rugged and shrewd sheep men. Next the early morning whistling of locomotives as they stubbornly pushed the empty sheep cars into the Soda Springs siding. Donning our dirty jeans, we remember helping prod the sheep into the cars for their sad trip to our tables or for their winter pasturage in the less cool valleys. After loading, the sheep men gave tremendous breakfasts for their hungry crews—loaders, helpers and herders (usually the Basque professionals). Tables were piled high with hot cakes, ham, bacon, eggs, steaks and good red wine for the Basques. We remember the loading days of Muns and Chandler Church, of Earl Ray and Walter Peckham, of the Blackfords and Jim Sherritt, of Melvin Mills and Paul Ahart. Modern methods have taken the romance and color of good old sheep shipping time. Sheep "baaing" from the meadows around us is the only signal of mountain pasturage. Large trucks pull into the meadows where the sheep are loaded and quietly spirited away. No more "fiesta" and early day banquets. No more noise and pageantry. The cross bars of the corals sag with dust. We cannot locate the weighing machines. Hotels no longer bid for the huge breakfast spreads. Yep, we think of it with nostalgia.

We thank Kathy Gray for her daily bouquets which, we note, are usually picked outside of our front door and brought to us held in a warm little fist. We needs must put these varied mountain bits of vegetation in a vase of watre under Kathy's very eyes and we want her to know that her daily offering is much appreciated.

Early morning coffee "klatches" include old neighbors and good friends, Wanda, Virg and Ricky Misener, who breeze up the mountain for a few days of good Sierra air. Bea Blair and Myrtle Flickinger drop in to tell us they're off for a Washington and Oregon jaunt. Hans Sarbach and Ken Cotton (Ken from Edelweiss Lodge on Highway 50) drop in to do a bit of bragging about Ken's new 6200 foot ski lift.

Max Williamson announces that the first check for "junk" already is in the hands of Community Club treasurer, Bert Bacon, said scrap having been gotten together and sold by Max and Sherman Reams, the latter a director of the Donner Community Club.

And speaking of directors, meet Bee Zounevald and Patricia Diaz, who guide the Blue Birds of Camp Yallani (known to the Boy Scouts as Camp Pahatsi) situated near Kidd and Cascade Lakes in our superb back country. Fifty Blue Birds flit through the pine and granite and, needless to say, some are already homesick.

Three of the "Belles of Kingvale" ring merrily as they stop to bid us adieux for a month's vacation. Grace Condon, who hails from Canada, takes a trip home via Nova Scotia and good friends Frances Johnson and Lucille Murphy (all of the Kingvale Flood Building) decide it's too good a trip to miss. In Frances' car we watched their taillight as they pulled out of our parking lot and waved until they disappeared around the bend. Grace and Frances are on the staff of Sutter Hospital in Sacramento and Lucille is an assistant tax collector in Sacramento and they're three girls who know how to have fun.

We report a wonderful "porch" buffet. Frank, Irene and daughter, Penny, Bourdet, who fit into the Summit Scene like the missing piece of a cross word puzzle, entertain their mountain friends with a Sunday night dinner. Mountaineers present included Mrs. Ralph Reynolds and her wonderful mother-in-law, Belle Reynolds; Day Tschopp and children and close neighbors, John and Eleanor Johansen; Mr. and Mrs. Elmo Moriano and Maude Howard; Ralph and Goldie Rowton; Bud and Barb Zorich. Employees of the Southern Pacific included Sam Mezik and his sister, Ann, a visitor from New York, Ernie Johnson, Lillian Ericksen, Peg Travis. John Carl officiated as "second chef."

Three little mountain misses—Dee-Dee and Smiley Tschopp and Linda Lucot (a Zorich niece) will participate in the water ballet to be presented to parents who wish to view their children's aquatic progress Friday evening, August 14, at 6:30 p.m. Those who have seen the group practice their manuevers in the lovely Beacon Hill Lodge swimming pool say that the parents are in for a proud surprise. Incidentally, the public is invited.

Known to horse loving people throughout northern California is my niece, Carol Frances Bush (nee Ballinger). Carol, who owns and rides champion hunters in horse shows throughout the west, has a tack room neatly plastered with ribbons. She and husband Billy—managing a ranch in Texas, Carol training hunters and Billy training cutting horses—took time out last Sunday morning to notify us that I am a great aunt for the first time and doing it up strictly in a championship fashion, they announce a double—twins! One little native daughter of Texas tipped the scale at four pounds, her sister topped her by a pound. We anxiously await the names of my mother's first great granddaughters and can hardly wait to see them ourselves.

Evelyn Gray entertains in the grand manner with two brothers bringing their families in the Sierra for a summer rest.

Audrey Dreyfus and two little boys handle the Dreyfus property for the summer with good catches of fish sizzling on the stove each evening. Incidentally, all general reports on trout fishing are exceptionally good at this writing.

Hildegard and Harry Pratt drop in for a "hello." Portia Wagonet of the Castle Creek tract and house guests Irma Walker and Ruth Melnicoe take a trip down the road to Nyack for dinner. Whilst returning home they noted a small blaze in a roadside cabin. Quick thinking on their part brought help and the fire (while completely destroying the cabin of its inception) was kept within bounds.

Famed photographer George Harrismakes his annual visit to Bill Rutherford's en route from his annual vacation at Bohemian Grove.

Jimmy Gould of Cisco Grove—Jim Sr., we mean—has just added his name to the list of mountain "ham" radio operator with call letters K6FR. Johnny Richards of the Donner Ski Ranch and Ed Cote of Ice Lakes also classify themselves as "hams."

Eleanor Johansen day dreams about her forthcoming vacation which includes a jump over the Canadian border. Friend Kay Deahl goes along too.

PARENTS SEEKING DAMAGES AFTER BIG BEND MISHAP

Over $737,000 dameges are being asked in two civil actions in the Placer County superior court at Auburn in connection with a three vehicle collision at Big Bend on August 9, 1952.

Robert Garcia, James L. Cook, Melba Cook, L. W. Perkins and the Bedford Truck Lines were named defendants by the plaintiffs, Richard Schumacher and Robert L. Sherman in behalf of their minor children who were injured in the three car collision last August.

The four injured children, Sally, Susan Schumacher, 9 and 7 years respectively, and Robin and Carla Sherman, 9 and 3, were passengers in an automobile driven by Mrs. Betty Sherman at the time of the accident. The defendants are charged with negligent driving which caused the collision. Garcia, by the Cooks, and Perkins, driver of a truck owned by the Bedford Truck Lines, were charged responsible for the damages.

Schumacher in behalf of his two daughters is asking $350,000 for Susan's injuries and $15,000 for Sally's injuries. He is also seeking $369,000 for the girls future care.

Sherman is seeking $1,250 for his son, Robin, another $1,250 for his daughter, Carla, and $550 for additional expenses.

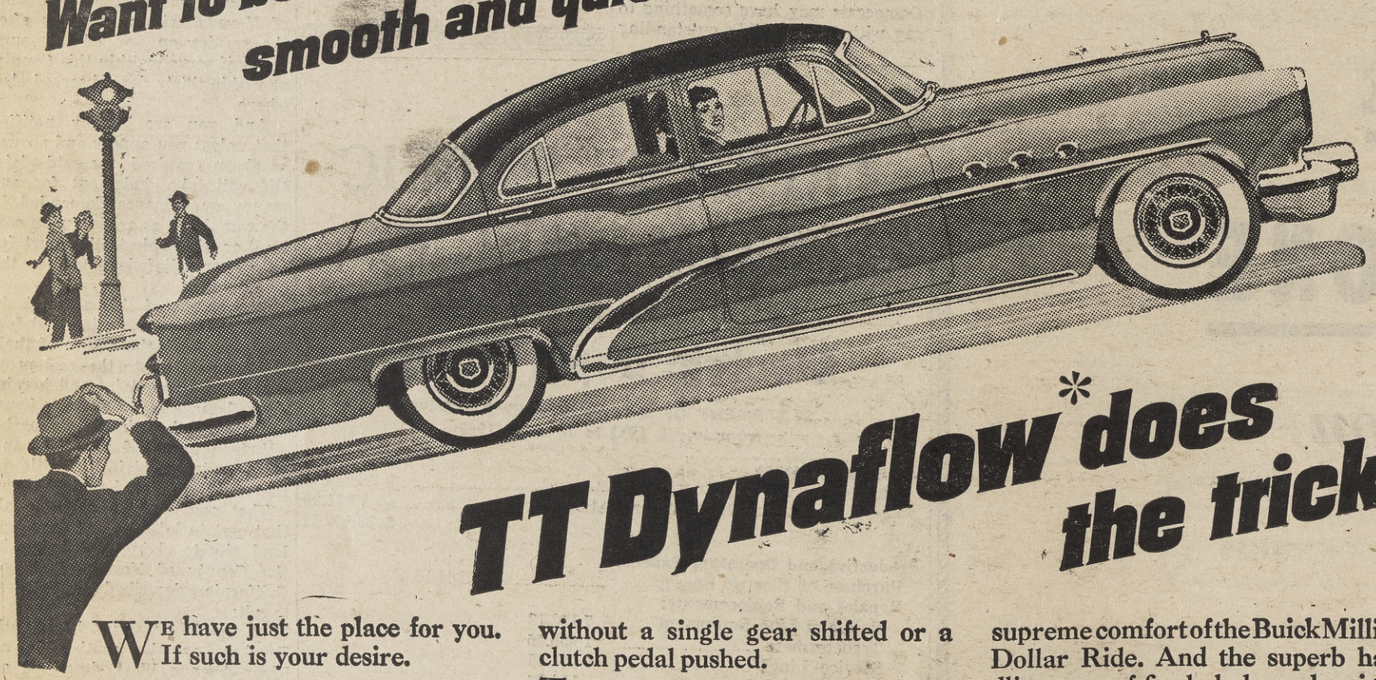
Want to be nimble, smooth and quick?



TT Dynaflow* does the trick!

We have just the place for you. If such is your desire.

It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflow.

And we suggest you hold on to your hat and your heart when the action starts—for here's what happens:

You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice.

Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest of ease—in one progressive build-up of velvet acceleration—without a single gear shifted or a clutch pedal pushed.

That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with new Twin-Turbine Dynaflow.

For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges.

Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepowers and compression ratios, Series for Series, in all Buick history.

And so does big room. And the supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely balanced weight. Even Power Steering* is at hand to make parking and turning still easier.

Why not drop in on us soon and sample one of these great new 1953 Buicks with TT Dynaflow? It's an experience—and a value story—too good to miss.

*Standard on Roadmaster, optional at extra cost on other Series.

Mrs. Mae Tucker of Paradise, mother of Alice Sorensen of Tahoe Vista, successfully underwent major surgery at the Feather River Sanitarium at Paradise last Friday. Alice and Andy went over last Saturday to visit with Mrs. Tucker and reports indicate she is doing fine. Her friends and relatives at Tahoe wish her well. The remarkable thing about this is that Mrs. Tucker is only 84 years young. God bless her.

Mr. and Mrs. Arnold Miedema of Kings Beach are proudly wearing the banner of grandparents as their daughter, Beverly Williams of Pasadena, became the mother of an eight pound, 11 ounce son at five o'clock in the afternoon on August 10 at a Glendale hospital. In September the Williams plan to bring their new son up to visit with his grandparents at Kings Beach.

I hear that my friend, Bonnie Barnett, is proud as a peacock too because her daughter-in-law, Sylvia, and son, Bartow, welcomed a little daughter at the Tahoe Forest Hospital Tuesday night at 11:00 o'clock.

o'clock. The newest member of the Barnett family is to be called Bonnie Ann.

The Women's Circle of the Community Church met with huge success at its first fun-fest held July 30. The group netted $86.61 which is to be applied to the building fund. The Circle thanks those who helped make the affair a successful as well as pleasant experience.

Services at Wee Kirk o' the Pines, Kings Beach, August 16 will include Church School at 10 a.m. and at the 11 o'clock worship service Mrs. Ruth Gordon will participate with her report from the Asilomar mission conference.

Youth night Monday will feature an organization of officers for next year, a devotional program, sound movies and refreshments.

The youth of the Community Methodist Church weer guests of The Burroughs on Monday, using the beach and other facilities for a regular meeting, weiner roast and motion pictures. Approximately 40 enjoyed the evening.

Mr. and Mrs. Virgil Koch and small son, Larry, of San Francisco were guests of Virgil's aunt, Mrs. Anne Blaue of Tahoe Vista last week.

Fred Vercoe of Tahoe Vista suffered a fractured rib in a freakish accident while entering his boat last Sunday week for a few hours of fishing. Didn't realize the extent of damage to the rib for a couple of days. Doing fine after visiting the offices of our local Dr. Jose Nessim.

Jake Glunt of Kings Beach had the misfortune last Saturday week to step on a alrge rusty nail which put him on the semi-active list for a time.

Grandpa P. M. Burroughs was mighty glad to have as his guests last week his daughter, Pauline, with her six-year-old daughter, Nancy. We managed to get away for a few hours to take Pauline and Nancy over to see Preston, Dudie, Sheri and Melissa Burroughs at Fernley, Nevada. Nancy's father, Marshall Smith, with Nevada Auto Parts in Reno, spent the weekend with his family at The Burroughs.

Mrs. Felix McGinnis of Brockway has had Mrs. Thomas Sullivan and Mrs. Frank McGinnis and their children as summer home guests, after the hostess having recently returned from Europe.

Mr. and Mrs. Francis Kirkham and two daughters have as their guests Miss Alicia Magnuson of Illinois and Miss Ann Mason of San Francisco.

SUPERVISORS ASS'N SCHEDULES MEET AT LAKE TAHOE

TAHOE CITY— Lieut. Governor Goodwin Knight will make the "keynote" talk before the California County Supervisors Association when it meets at Lake Tahoe September 10, 11 and 12 at Lake Tahoe.

Financing to meet deficienies of county road construction will be one of the main discussion points at the meeting at which around 1,000 county officials and their wives are expected from all over the state. A meeting of the County Engineers Association will be held at the same time.

Other speakers invited include Governor Earl Warren, California; Governor Charles Russell, Nevada; U. S. Senators Thomas Kuchel and William Knowland of California; Paul R. Leake, member of the state board of equalization; State Controller Robert Kirkwood; members of the state legislature and county officials.

ROAD WORK DONE AT GRAVE YARD, NAME IS ADOPTED

TAHOE CITY— At the Tahoe City cemetery during the past week Constable Harry Johanson has engineered the completion of a road from the highway down to the cemetery gate and a circle drive between the gate and the highway, for the convenience of any cars going to and from the graveyard.

Excavation for the circle drive in the thick woods required the use of a bulldozer, donated by Henrikson Brothers, for one full day to remove trees, stumps and other obstructions. G. E. "Jerry" Lewis, Donner Lake contractor, donated the earth fill for the road work.

The sign "Cemetery" at the road junction has been replaced by a sign bearing the legend "Trail's End."

On Saturday Johanson received a chest containing the ashes of a former Carnelian Bay resident, who passed away several months ago and had requested burial at Tahoe. She was Gertrude Cline P. Schnieder. Relatives made an appointment with the constable to be in Tahoe City Wednesday of this week for interment at Trail's End. (ejv)

Minute Ministry

by Rev. Sidney C. Winston
(Pastor, Community Methodist Church at Truckee)

* * *

We live and move and have our being in God, and Saint Paul says, "Let us seek after him if haply we might feel after him and find him." The other day I saw a lady fishing. A responsible person saw she had a bite so he set the hook for her and she pulled it out. It landed near the water's edge, then in safe territory, but when she lifted it up to where the party could unhook it, it slipped out of his hands and back into the water. Yes, it was sort of disappointing, but it illustrates how easy it is to lose certain other values, such as the power of the Gospel of Christ, because we have not cultivated the right "feel" of it. Jesus told the Disciples on one occasion, "Follow me and I will make you to become fishers of men." Unless we keep in touch with the Gospel, some times called the "living word," we, as a Church, shall lose many values in soul saving. Let us be faithful in practicing the presence of God.

STELLAR RACERS ENTERING LISTS FOR BIG EVENTS

TAHOE CITY— Spectators at Lake Tahoe's first Sky-High Regatta, to be run off the shore of Tahoe City September 12 and 13, will see the cream of the speedboat racing farternity in the first all-inboard APBA sanctioned event to be held on these more-than-a-mile-Sierran waters.

Already signed in for the Sky-High Hydro Classic (limited) are 75 drivers in nine classes—who will be running for points, three-place trophies and $3150 in prize money, to say nothing of that keenest of all competition edges—personal rivalry.

Out for blood will be such well known contestants as Bob Patterson of Van Nuys, '52 high point winner in the Cracker Box Class, whose US-1 "Hot Cinders" is the national record holder; Richard Hallett of Downey, Trimper Trophy, '52, and holder of the record for five miles in competition, 225 Class Hydro, in the Salton Sea run in '51. Hallett made that in the "I'm In" but will try for Tahoe honors in the "Holiday". Also in is Sacramento's popular Ed Brown, world record holder of the mile straightaway, Cracker Box Class, who will drive a new E boat, the "Bouncy Barby," in the Tahoe Sky-High. Ted Tyce, Chula Vista, a top driver in the 48 cu. in. hydro class; John Corea, Dos Palso, lined up in the 266 cu. in. hydro class; Fred Galante, running in the 135 cu. in. hydro class in "Joey"

Paul Terheggen brings his well-known "Donald Duck" to compete in the E racing runabout event; Fred Hubbard of Long Beach will run in his 48 cu. in. hydro "Little Jim." Hubbard is the one whose boat turned over and burst into flames on the Seattle course last year. Add that spectacular character from Walnut Creek, Earl Sherman, and B. racing runabout, "Flying Parts" and you have a prevue of things to come at the great blue lake astraddle California and Nevada early next month.

FISHING IS GOOD AT FROG LAKE

Recent guests at the 7-C Ranch in Euer Valley included Dr. and Mrs. R. E. Cundiff and daughter of Woodland, Mrs. Gladys LaBrasca of Sacramento, John Warnecke of Piedmont, Bob Haynie of San Mateo, George Wingfield and Clayton Philips of Reno, Curtis Hayden Jr. of San Francisco, Major Larry Rhodes and Sgt. Richard Knipper of Travis AFB, Dr. and Mrs. Paul S. Wyne of San Francisco, Thomas J. McBride and W. E. Hibbitt of Sacramento.

Clayton Phillips caught the limit in fish at Frog Lake. Geo. Wingfield and his party were also successful on Frog Lake. Tom McBride and Bill Hibbitt caught limits in Prosser Creek. Maj. Rhodes and Sgt. Knipper were very much interested in Euer Valley as a recreational area for Travis personnel. Major Rhodes is in charge of recreation at Travis.

Mrs. Connie Euer's nephew, Pfc. George Topham of Castle Field is on leave, visiting in Euer Valley.

My Place in the Sun

by DOUG BARRETT

A bill to permit weekly newspapers to suspend publication for two weeks each year without losing second class mailing rights has been introduced in congress.....by Senator Mike Mansfield of Montana.....who said in introducing the bill that the man or woman getting out a weekly is often publisher, editor, ad manager, reporter and printer.....with no substitute to take over while he or she has a vacation.....which brings us to the personal angle wherein this issue for the day and date marks an anniversary.....on August 13, 1936, Mr. and Mrs. Walter Barrett.....and son, Douglas.....first published an issue of the Sierra Sun, taking over from Mrs. Elizabeth Bavier, who became postmaster in that year..... since then neither of the former have missed getting the Sun in the post office on time each week..... while "Sun" Douglas has missed only such times as were necessary due to national emergency.....and .....mumps.....we're not kicking..... we knew what was coming when we started and we've been proud and happy with our work here..... Rev. Sidney Winston up before breakfast.....waiting for Slim Ellert to open the Truckee Sport Shop at Cabona's.....to buy some fishing gear before hitting the streams.....Had a pleasant chat with H. E. (Pappy) Brooks of Kings Beach while lunching at the California's Cafe counter.....Pappy seemed satisfied with business this summer in his section of the lake .....Charlie Bandur in his parked car on the main street.....quietly perusing his evening paper..... Gene Risden and son, Timmy, back in town.....after a two-day outing which took them southward thru the Sierra and Mother Lode.....almost to Sonora.....Bill Englehart Jr. and Hes Cardinal uniting artistic efforts.....to paint a jeep robin-egg blue and egg-yolk yellow..... but real gay.....Charlie Cozzi taking his limping car into Osburn's Association service.....to have a pesky flat fixed yesterday.....Cliff Ellis says they fished a pair of prescription spectacles out of the street drain in front of his Shell service station the other day..... they appear to originate in Las Vegas.....if you lost 'em, you can have 'em back.....by calling at Cliff's and describing them.....It has been wisely said that he who laughs.....lasts.....

YOUNG OFFENDERS ARE REPRIMANDED BY TAHOE OFFICER

TAHOE CITY— During the past two weeks Constable Harry Johanson has received a number of complaints of juvenile thievery in and about Tahoe City, and has spent a great deal of time tracing and apprehending the youthful offenders. Aside from some petty thefts, the youngsters were found to have been guilty of vandalism to certain public property.

Johanson said is withholding the names of the youngsters because of their youth and to give them a chance to mend their ways. Measures for their punishment have been taken. He says, however, that future depredations would bring the offenders and their parents before a court for more stringent action. (ejv)

From where I sit ... by Joe Marsh

Harvesting a Better America

Rubbed my eyes yesterday when I saw Hap Jackson's truck in Biff Morgan's alfalfa field . . . helping Biff get in his cutting.

Since they've been carrying on a friendly argument for years (over how much fertilizer to use per acre of alfalfa), I had to ask Hap what was going on.

"Got my own crop in safely last week," he says. "And since Biff's boy is at the summer encampment of the National Guard, I figured the least I could do was to help him out. After all," Hap went on, "there's *no* argument over how important the National Guard is to all of us."

From where I sit, a fellow like me, who's too old to get in the Guard, can still vote, do a turn at jury duty, and respect others' rights. Even a little thing like respecting a neighbor's right to have, say, beer or buttermilk at dinner is important if we want to keep America strong. We have to be on "guard" in more ways than one these days!

ALL EMERALD BAY MAY BE TAKEN IN STATE PARK SET-UP

SACRAMENTO— Capitol News Service reports officials of the state division of beaches and parks announced Monday that the entire rim of Emerald Bay, famous scenic attraction at Lake Tahoe, may be operating on a limited basis as a unit of the state park system by next summer.

A proposed 630-acre addition to the D. L. Bliss state park, north of Emerald Bay, is under way and officials said that property owners are reportedly willing to sell.

The state already has acquired 245 acres of the Harvey West estate. West, an El Dorado County lumberman, secured the property from the estate of the late Lora J. Knight and it contains the show-place Vikingsholm.

To be acquired on the south are 288 acres owned by Clarence S. Kempff of Los Angeles. On the north, ownerships include 35 acres and the Emerald Bay resort property operated by Joseph W. Watson, the 68 acre summer home of Ethel M. Graves of Carmel and several other smaller parcels.

Overall cost of the acquisition has been dropped to about $550,000 park officials said. The original estimate was $700,000. Funds come from a 1945 general appropriation in which the legislature made five million available for inland parks and ten million for beaches.

Many problems must be overcome, officials said, before the site can be made ready for public use. Camp sites must be developed, sanitary facilities installed, roads developed and other improvements made.

The division is completing a deal with the Audubon Society for lease of Vikingsholm proper as a summer camp and school for naturalists, while the Emerald Bay resort probably will be kept open through lease to a concessionaire.

Attend Funeral—

Mr. and Mrs. W. M. Cavitt and Mr. and Mrs. A. L. Davidson attended funeral services at Roseville today for John A. (Archie) Cavitt. The deceased was an uncle of Cavitt, a brother-in-law of Davidson and was widely known in this district and the Sacramento valley as a rancher.

Pace from Santa Clara—

George Pace Jr. of Santa Clara is visiting Mr. and Mrs. Earl Stice, Mr. and Mrs. Tony Pace and Mr. and Mrs. Walter Loynd.

In Reno—

Mrs. M. L. Phillips, formerly of Truckee, recently moved from San Francisco to Reno.

At Kaler Home—

Visitors at the J. E. Kaler cottage this week were Miss Yvonne Garrison and Miss Marion Knoll, both secretaries for the Sacramento school department. Also visiting the Kalers are Mrs. Philip De Filippo and daughter, Beth. Mrs. De Filippo is the former Elizabeth Gates, a niece of Mrs. Kaler. She now resides at San Bruno.

BOARD MEETINGS ARE ANNOUNCED

To offset some of this problem, the names, places and dates of meetings of the various boards follows:
